The advantage of D'Souza & Associates

Payor Knowledge

Unsurpassed payor knowledge, including the largest database of electronic payors and their rules and regulations, (for procedures, diagnosis, appointment types, and more). Our direct connection to network services ensures the accurate and most up to date payor rules.

Comprehensive Business Services

Superior services that include: patient demographics, insurance and charge entry, charge and diagnosis review, claim submission, electronic eligibility verification, payment posting, claim follow-up, denial management, and extensive customized reporting. Encounters, demographics, patient forms, eobs, and all correspondence are scanned. When denials occur, or even when payors fail to respond, we follow up on ALL claims, primary or secondary, within 14 to 28 days of claim submission.

*Working together
with you, our services
can improve cash flow
allowing you to concentrate
more on patient care.*
